

- The most applicable LLLT for home therapy.
- The hand-free & mobile LLLT device with multiple lasers.

emLas

Laser Wrap

- ✧ Multiple channel LLLT device
- ✧ Advanced integrated circuit designed by Konftec with **automatic power control (APC)** to maintain the specific power output.
- ✧ Choices of multiple points or area treatment
- ✧ **Cordless operation**
- ✧ Equipped with the industrial grade laser diodes and modules
- ✧ 60 °C high temperature operation durability
